

"Making Bathurst a better place to live"

GOVERNANCE

These workshops can be

- customised to your Board's particular needs
- be held at your venue
- can be a one-off or a series of short workshops

Effective Boards

This workshop addresses the key issues in developing an effective not-for-profit Board or Management Committee.

It explores the changes contained in the Associations Incorporation Act 2009 and the impact of changes to the Federal Industrial Relations system.

You will:

- gain a better understanding of the key roles and responsibilities of not-for-profit Boards and Management Committees;
- be able to distinguish between 'governance' (the work of the Board) and 'management' (the work of the CEO and staff);
- enhance your skills and knowledge of the fundamentals for effective organisational governance and management, and
- design a Board development plan for your organisation

Board Games

Learn how to manage your caretaking responsibilities efficiently

Strategic Planning

This workshop works with Boards and Committees of not-for-organisations to plan their future direction.

You will:

- explore the changing environment in which your organisation operates
- identify the purpose, vision and goals
- develop strategies to achieve those goals
- create an action plan by which the goals can be evaluated
